

2021 PNW NAVHDA South Region Spring Natural Ability Training Program

The Pacific Northwest NAVHDA Chapter South Region 2021 Natural Ability Training Program will begin February 14th, 2021. This year's sessions will be aimed at preparing the handler and dog for the NAVHDA NA test. Participants will learn what the dog is required to perform to successfully obtain a Prize in Natural Ability. The participants will learn how to encourage their dog to swim, track a pheasant and point birds in the field. This will give the handler time to work with the dogs between sessions to bring out their natural ability for the testing. Training will be held on Sundays and will last approximately 4 hours. The schedule is as follows:
